The Under 12 Jamborees will also serve as an identification opportunity for the Sask Soccer Under 13 Provincial Teams Program. Sask Soccer Technical Department and Provincial Coaching Staff will be on-hand to evaluate players for involvement in future PTP opportunities!

Originally established in the Netherlands, the tournament format is designed to emphasize the enjoyment for players and limit adult involvement.

The players are in charge! They decide on positions, formation, goalkeepers, substitutions, etc.

- The program focus is on “guided discovery” for the players. Coaches and parents are encouraged to cheer, but will not coach or organize the on-field activities.
- Players are randomly assigned to a field where they meet 4-5 other players to create a team.
- Teams compete in mini-games with each individual player earning points based on team results.
- After each mini-game, players are assigned to a new team to continue the competition.
- Players will play 10 mini-games in each two hour timeframe

In conjunction with the Meridian Youth Soccer Association, Sask Soccer is very happy to be able to bring this exciting and innovative opportunity to Lloydminster!
